CRIMINAL CASE GIVEN TO JURY

Arguments in Trial of Elizabeth
Lawson Begin in Circuit Court
at 1:15 This Afternoon

HUSBAND DEFENSE WITNESS

Scott Lawson, Painter, Denies State-
ments of Neighbors Regarding
Visitors at His Home

The case of the State against Elizabeth Lawson, charged with keeping a house of ill fame, was concluded this afternoon shortly after three o'clock, when the case was given over to the jury for their deliberation.

The evidence was completed at 1:15 this afternoon and the arguments of the attorneys began. The case started in the court yesterday, and created a great deal of interest. Each side was well represented with witnesses, and the principal witnesses for the defense were the defendant herself, and her husband, who is a painter.

The defense began this morning on their portion of the evidence, and Scott Lawson, husband of the defendant, was the principal witness.

He stated that the men who came to visit at his house came to see him, and were friends of the family. He said he did not know Chuck Taylor, who was mentioned frequently during the trial as being one of the visitors.

Mr. Lawson told the jury a long story about the times the police had come to the house, and stated that they never found any evidence of bootlegging. When questioned about an empty bottle that had contained whiskey, he said that he had purchased it on account of the sickness of his wife.

When questioned further, he said that he bought it about a year ago, and that he paid Mr. Stevens, evidently meaning the prosecutor \$4 for a pint.

The witness said that he was almost 50 years old, and his wife was 33 or 34 years old, and that he believed they were married in 1912 in Greenfield.

A great number of witnesses occupied the stand yesterday being mostly men and women living in the neighborhood of 217 West Sixth street, who testified for the state concerning the reputation of the defendant for chastity and virtue.

Witnesses were reluctant for the most part in stating that the reputation of the defendant was bad, and the court had to pave the way for the

LOCAL TOUCH TO FILM ALICE IN HUNGERLAND

Sack of Clark Milling Co., Used to
Hide Nakedness of Destitute Lad
in Near East

REVEALS NEED OF RELIEF

The film, "Alice in Hungerland," being presented over the state in the Near East Relief Grain appeal, has a real Rush county touch, some of the audiences have discovered.

In one of the scenes a line of destitute Armenian boys are garbed in flour sacks, the only covering they could find to hide nude bodies. It has been discovered that one of the sacks hiding the nakedness of the destitute lads bears the imprint of the Clark milling company Rushville.

Near East Relief officials explain that his sack probably contained flour sent over seas by this milling company as a donation and was picked up by a native boy after it had been discarded.

"This is indisputable evidence that destitute children of the Bible lands are actually wearing grain sacks in lieu of clothing," said Mead A. Kelsey, secretary of Near East Relief.

Near East Relief authorities in this state have been informed by a man just back from Turkey that he saw this group when the picture was taken and that one of the sacks contained the local firm's imprint.

ABANDONED CAR IS CLAIMED

Sheriff Jones Receives \$50 Reward
When Owner is Located

An automobile which was abandoned about a month ago on the Harrie Jones farm, just south of Rushville, was identified today as belonging to a cashier of a bank living in Ironton, Ohio, and Edgar Clarey, an insurance adjuster, came here and took the machine back to its owner, paying Sheriff Jones \$50 reward for the recovery of the machine.

It was stolen from the owner and was abandoned by three men, who was seen leaving the car in the corn field late one afternoon. The machine had been in an accident, and was considerably damaged. It was a high-priced car, and was comparatively a new one.

United States Circuit Court of Appeals Upholds Miners' Right to
Use Check-off System

INJUNCTION IS OVERRULED

Decision Holds Miners Should be
Restrained From Attempts to Unionize W. Va., Mines

(By United Press)

Chicago, Ill., Dec. 15.—Coal miners of America won a sweeping victory in the United States circuit court of appeals here today when the court upheld their claim to the right of operating the check-off system of collecting union dues.

The decision was handed down on appeal of United Mine Workers of America from an injunction issued by Judge Anderson in Indianapolis. Anderson's decision abolished the check-off system.

The circuit court said the evidence clearly showed the mine operators and miners' unions in the central competitive field had entered into a gigantic conspiracy to eliminate competition by organizing West Virginia miners.

The unions bought arms, promoted civil warfare, organized and held expeditions into West Virginia, the decision said.

Judge Anderson was instructed to recast the order so as to restrain the miner's unions from carrying out these threats directly and immediately interfering acts, as shown by the petition of the Borderland company for an injunction.

The circuit court ordered Judge Anderson to draft a new injunction

CITY BEING SEARCHED FOR DRAMATIC TALENT

Already Substantial Number of
Characters are Assigned For
"Oh, Oh, Cindy," Legion Show

REHEARSALS BEGIN JAN. 10

Rushville is being searched thoroughly for the best dramatic and musical talent to take part in the production of "Oh, Oh, Cindy," the big show which is to be presented here under the auspices of the American Legion. Already a substantial number of the characters have been assigned and the choruses are being rapidly filled. Anyone who has knowledge of any person possessing unusual talent, which might be available for use in the show might do well to communicate with Denning Havens, chairman of the talent committee.

Rehearsals are expected to start about Jan. 9 or 10th, at which time the professional director from the John B. Rogers Producing Co., is expected to arrive.

Among those who have already been assigned parts are: Miss Mildred Snyder, Miss Margery Clark, Miss Margaret Giffin, Miss Henrietta Talbert, William A. Young, Dr. D. D. Dragoo, George Hogsett, Ralph Pinder and Denning Havens.

COUNTY NURSE TAKES UP WORK

Miss Grace Ewing Assumes Duties,
Having Been Engaged by Red
Cross Few Months Ago

RELIEVES CARRIE M'MANUS

Annual Election Results in Selection
of W. E. Wagoner as Chairman
To Succeed L. E. Brown

Miss Grace Ewing of Indianapolis, Red Cross county nurse, assumed her duties today, relieving Miss Carrie McManus of this city, who has been acting as nurse for a few months pending the arrival of Miss Ewing.

The report of Miss McManus, which will be made public shortly, shows that she has made more than eighteen hundred visits in the short time that she has been engaged, and reveals the local service that the Rush county chapter of the Red Cross is rendering, in addition to being a part of the world-wide relief organization which is ready for any emergency in case of disaster.

Miss Ewing is a registered nurse, having taken a special course in public health nursing in Indianapolis to be prepared for her work in Rush county. She has also just completed a four months course in public health nursing of children under six years of age so as to be especially equipped for any case which may come to her attention. This is the reason Miss McManus was requested to take up the nursing work here this fall, so as to permit Miss Ewing to take the special course in the nursing of children. With this training, Miss Ewing will not only be prepared to do work in the schools of the county, but will also be enabled to handle the cases of children under school age.

The annual meeting of the Rush county chapter of the Red Cross was held Wednesday afternoon at the court house and officers were elected for the coming year. W. E. Wagoner was chosen county chairman to succeed the Rev. L. E. Brown and the other officers were re-elected.

Miss Henrietta Coleman will again act as vice-president, Mrs. Harrie Jones, secretary and Miss Nora Sleeth, treasurer. The executive committee was re-elected as follows: Mrs. A. L. Stewart, Miss Sleeth, Mrs. Continued on Page Two

PROSPERITY POSTER CAMPAIGN IS BEGUN

First of Series of Messages Sponsored by Rotary Club is Posted
on Local Bill Board

BILL POSTERS FREE SERVICE

The Rotary club's prosperity campaign reached Rushville today when George J. Kerrigan of the Connorsville Poster Advertising company posted a large sign on the company's bill board near the C. I. & W. station, carrying the first of a series of messages in the prosperity poster campaign of education. The initial message is from President Harding and says:

"The people of Washington and Lincoln are conquering the difficult problems of today, no less worthily, and with the faith and confidence which they bequeathed to us. We are sure to find the ways to restored prosperity and our meed of happiness."

The campaign originated in the New York Rotary club. The Poster Advertising association, at its annual convention, agreed to contribute \$1,500,000 worth of advertising space to the movement and paper and ink manufacturers also made big concessions to help the thing along. With many donations made, \$60,000 was still required to put over the campaign, and this expense was promptly underwritten by the members of the New York Rotary club.

While here today, Mr. Kerrigan also put up a large poster advertising the Christmas Seals campaign. This is another service for which the bill posters receive no financial return.

AGREEMENT ON NAVY INDICATED

"We Are Through," Says Arthur J.
Balfour After Big Three
Conferred on Naval Armament

PLENARY SESSION DUE SOON

If Japan Retains Mutsu, Britain
Will be Allowed To Build Two
Vessels During Holiday

Washington, Dec. 15.—A complete agreement on limitation of naval armament was reached at a meeting of the big three today, Arthur J. Balfour, British representative at the conference, indicated.

"We are through," the British representative curtly said after the meeting. He would make no further comment but indicated his word should be taken to mean that a settlement had been reached.

Reports were current that a plenary session would be held soon.

A British spokesman previously made it plain that if Japan retained the Mutsu, Great Britain must be allowed to construct two super-hoods or slightly smaller vessels during the holiday.

The proposal for realignment of the British navy to meet Japan's retention of the Mutsu, was being considered by the big three today. The counter proposals contain provisions for: 1, construction of two super-hoods and scrapping of four dreadnaughts and one battle cruiser; 2, construction of two vessels of Royal Sovereign type (but smaller than the super hood) and scrapping of four dreadnaughts and no battle cruisers.

Virtually no work has been done on the super-hoods, thus making considerable amount of construction during the holiday if Britain is allowed.

Under the agreement so far reached, Japanese would have to scrap the Setsu if she keeps the Mutsu. The American and British have acquiesced in principal to Japan's retention of the Mutsu and will let America keep the Colorado and Washington, thereby making America's total tonnage around 535,000 instead of the original 500,000 proposed in the Hughes program.

The Daily Republican-Salvation Army Christmas fund passed the \$300 mark today, but is still \$50 short of last year when a new record was set.

Today's contributions amounted to \$16.82 and were far short of the sum which friends of Santa Claus piled up Wednesday. There are only eight more opportunities to help in this laudable effort and the days are slipping past fast. Those who have in mind to come to the rescue of the little folks who are without hope of a merry Christmas, except through the aid of the fund, should not neglect longer because the managers are anxious to get an idea of how much they will have to spend in spreading Christmas cheer.

Two good friends of Santa Claus came forward today with \$5.00 each and the Salvation Army kettle kept up the good work by adding about the usual sum.

Still Opportunity to Get One For All
School Concert Tonight

There were very few seats left this afternoon for the All School concert which will take place this evening at the Graham Annex auditorium at 8:15 o'clock. The opening was postponed until this hour due to the fact that prayer meetings are scheduled for this evening, and it was aimed to make it possible for those going to church, to be able to hear the concert.

The concert is expected to prove very entertaining because of the wide variety of the program and the many features which are promised. Children from nearly every grade in all of the buildings will participate, and the high school will be represented by glee clubs and orchestras.

out One Tardy Registered

The Orange township schools led the rest of the townships in attendance records for the total of the first three months of the school year, according to facts relating to the attendance in the county schools, given out today by W. E. Wagoner county school superintendent. The entire county made a remarkable showing with an average of 98.1 percent.

The Orange township rank was placed at 99.1 percent, with the schools losing 102 hours of work on account of the absence of pupils. Noble ranked next with 98.5 percent, with 162.6 hours lost. The schools of Union township ranked lowest with 97.5 percent, with a total of 555.8 hours lost.

Two schools in the entire county went through the first three months without a single tardy, these schools being the Arlington high school, and the two room school, known as the Osborne school, in Jackson township.

The data on the attendance as compiled is divided into five branches, first with the entire county listed as to the twelve township; second

CLASS OF 60 GIVEN TALL CEDAR DEGREE

Program by Vaudeville Entertainers
in Connection With Work Enjoy-
ed by 300 Masons

BANQUET AT MASONIC TEMPLE

A class of sixty was initiated into the mysteries of Cedarism Wednesday night at the Modern Appliance building when the seventh pilgrimage of Rushville Grove No. 6, Tall Cedars of Lebanon, was held. Previous to the initiation, a banquet was served under the auspices of the Eastern Star at the Masonic Temple, and three hundred Masons were on and to enjoy it.

In connection with the degree work, two vaudeville entertainers provided a program which met the approval of the Tall Cedars. A woman accordion player who sang popular songs to her own accompaniment proved very popular and responded to many encores. An impersonation of an oriental dancer by a man also won the plaudits of the crowd. The impersonator was so good that many in the audience were not convinced that the entertainer was a man until he divulged the secret at the close of his dancing.

The Tall Cedars voted to hold another initiation in the spring. The Rushville grove is one of the largest in the state and has recruited its members from all adjoining counties.

M'CRAY SIGNS IN 3 MINUTES

Governor Expected to Choose Same
Commission to Supervise Removal
of Institution

(By United Press)

Indianapolis, Ind., Dec. 15.—The state soldier bonus and other proposed legislation died with sine die adjournment of the special legislature at 12:47 o'clock this morning after the reformatory relocation measure had been passed substantially in its original form.

Governor McCray signed the bill shortly after it was placed on his desk—three minutes after adjournment—and it became a law with his signature.

The bonus bill passed the house 76 to 6. Those voting against it were Bedgood, Grayson, Johnson of Monroe, Kingsbury, Lafuze, and Waters, all republicans.

Representative Newman of Indianapolis introduced the bill and Representative John Winesburg of Wabash county, an economy man in the last regular session, made an impassioned speech for it.

The Veterans of Foreign Wars who had confidently expected passage of the measure had prepared for a big demonstration to follow its approval. They had flags unfurled in the corridors of the state house and were ready to march in celebration.

As the final gavel came down in the senate chamber, they went into the corridors again muttering and waving up the flags.

Efforts of Representative John L. Renedict to introduce a congressional reapportionment bill were stifled by the house when it rejected the bill. Efforts to introduce other bills were also put down.

Interest in the matter then turned to the personnel of the commission he is required to appoint within ten days to remove the reformatory from Jeffersonville and make way for Colgate & Company, purchasers of the Jeffersonville site.

The governor is understood to have decided upon the commission membership and he is expected to make it public within less than five days. According to reports, the governor will choose the same commission which when it killed an amendment to the bill which would have prevented the naming of Senator Estes Duncan of Cloverdale and retained a provision which makes the board of state charities the final arbiter in selecting a site. Duncan was a member of the former commission.

It was pointed out today the com-

Jones, Miss Anna Bohannon, A. L. Gary, Mr. Wagoner (taking the place of the retiring chairman by reason of his office) Ralph Payne, Robert E. Mansfield, Fon Riggs, John McCoy and E. B. Thomas. The township directors were also re-elected.

The report of the treasurer was not available for the annual meeting because returns have not all been received from the annual Roll Call which was held in November. Three or four townships have made no reports whatever and other township reports are only partially made. Indications are, however, that the membership for the coming year will run over one thousand.

RIOTING APPEARS CHECKED

State Troops Have Salutary Effect on Kansas Mine Field

Pittsburg, Kansas, Dec. 15.—Cavalry of the Kansas national guard charged into Southern Kansas coal fields today but failed to find a foe.

The coal mine trouble became virtually a comic opera war when troops entered the interurban cars in which they will patrol the danger zone. Not a member of the "Amazon army" was in sight. The coal fields which yesterday were sweeping areas of riot and guerilla warfare, were peaceful.

Women who had fled from home, some carrying babies and leading their children to join the vast army, had returned to their kitchen stoves today.

New York Stocks

New York, Dec. 15—Oils led the New York stock market today in the first few minutes trading. Pacific oil was above 48 and established a new record high. Standard Oil of N. J. made an early high close to 190 and Standard of California got above 92. Mexican Petroleum retained the position close to 120. One exception to the general trend was Houston Petroleum which was up 1 at 49. The Oil which was off 1 1/4 at 81 1/4. Calif. rest of the list was firm and Corn products got on new high ground at 495-8. The equipments showed an average gain of 1/2 a point. Kelly Springfield led the tire stocks with early sales above 44. There was little change in the rails.

Standard Oil of California became a leader of the oils before the end of the first hour selling above 93. Standard Oil of New Jersey after its higher opening sold off about 2 points. Houston Oil continued heavy. Pacific Oil and Calif Petroleum held around the highs of the first few minutes of trading. The rest of the list did little with the exception of U. S. Rubber which made a new high in the move of 57. U. S. Rubber preferred broke through par up over 26 points from the years low.

The Street is now firmly convinced that there is under discussion a copper merger along lines similar to the proposed independent steel merger. American Smelting, Kennecott, Utah, Braden, Chile and other companies are mentioned as one group that will come together. The other group will be led by Anaconda, Inspiration, Magna, Calumet and Arizona, and other properties in the southwest.

Opening prices today included: Standard Oil of N. J. 189, up 1; Mexican Petroleum 119 3/4 up 1; New Haven 13 1/4; U. S. Rubber 56; Utah 55; Royal Dutch 52 off 7/8; Penna 33; Baldwin 96 3/4 up 1; Texas Co. 47 1/4 off 1/4; Calif Petroleum 49 up 1; Studebaker 81 up 1; American Can 35 1/2 up 3-8; Loewe Inc 143-8.

NOTICE OF ADMINISTRATION.

Notice is hereby given that the undersigned has been appointed by the Judge of the Circuit Court of Rush County, State of Indiana, executor of the estate of Nathan Boone Power, late of said county, deceased. Said estate is supposed to be solvent. FLORENCE J. POWER. December 14, 1921. Attest: Loren Martin, Clerk Rush Circuit Court. Young & Young, Attorneys. Dec15-22-29

NOTICE OF FINAL SETTLEMENT OF ESTATE

Notice is hereby given to the creditors, heirs and legatees of Mary E. Stewart, deceased, to appear in the Rush Circuit Court, held at Rushville, Indiana, on the 4th day of January, 1922, and show cause, if any, why final Settlement Accounts with the estate of said decedent should not be approved; and said heirs are notified to then and there make proof of heirship, and receive their distributive shares.

Witness, the Clerk of said Court, this 13th day of December, 1921. LOREN MARTIN, Clerk Dec15-22-29 Rush Circuit Court.

NOTICE TO ROAD CONTRACTORS

State of Indiana, Rush County, ss: Notice is hereby given that the board of commissioners of said county at their office in the court house at Rushville, Indiana, will receive sealed proposals for the improvement of a certain highway 14,870 feet in length, in said county by grading, draining and paving with gravel as set out in the specifications, plans and profile now on file in the office of the auditor of said county, by and under the laws of the State of Indiana. Said sealed

proposals will be opened and the contract awarded for said improvement on the 10th day of January, 1922.

Bids or proposals will be received up to 2 o'clock P. M. on said date.

The said road to be improved is located in Walker township, in Rush county, Indiana, and is to be known as the Thos. K. Mull et al No. 2 road when so improved.

Bids will be for the completion of the said improvement in accordance with the plans, profile and specifications in the office of the auditor of said county, and shall include all labor and material for said work. In no case will extra compensation be allowed for any additional work alleged to have been done by the contractor or contractors to whom is awarded the contract.

Each bid shall be accompanied by a personal surety bond in a sum equal to double the amount of the bid filed for the work bid on, to be approved by the board of commissioners of said county. Said bond shall be conditioned for the faithful performance of the work; the sureties, if personal, shall be resident freeholders of the State of Indiana, one of whom shall be a resident of Rush county.

Said bond shall be for the benefit of any person, persons or corporation who shall suffer any loss or damage by reason of any such bidder failing or neglecting to enter into a contract to perform such work awarded by the said board of commissioners or to carry out the same in any particular or to pay for any labor or material which may have been furnished to any such contractor or contractors or to any sub-contractor, agent or superintendent under him, in the construction of said work.

Said improvement will be let as a whole to the lowest responsible bidder upon affidavit of noncollusion, which must be submitted with the bid, and upon failure to submit such affidavit such proposal or bid will be rejected by the board; and the board reserves the right to reject any and all bids. Time for the completion of said work will be agreed upon after the letting of said contract by said board of commissioners and successful bidder.

Given by order of the Board of Commissioners of said County. PHIL WILK, Auditor Rush County. Dec15-22-29

State of Indiana, Rush County, ss: Notice is hereby given that the board of commissioners of said county, at their office in the court house at Rushville, Indiana, will receive sealed

proposals for the improvement of a certain highway 14,268 feet in length, in said county by grading, draining and paving with gravel, as set out in the specifications, plans and profile now on file in the office of the auditor of said county, by and under the laws of the State of Indiana. Said sealed proposals will be opened and the contract awarded for said improvement on the 10th day of January, 1922.

Bids or proposals will be received up to 2 o'clock P. M. on said date. The said road to be improved is located in Walker township, in Rush county, Indiana, and is to be known as the John M. Wissing et al No. 2 road when so improved.

Bids will be for the completion of the said improvement in accordance with the plans, profile and specifications in the office of the auditor of said county, and shall include all labor and material for said work. In no case will extra compensation be allowed for any additional work alleged to have been done by the contractor or contractors to whom is awarded the contract.

Each bid shall be accompanied by a personal or surety bond in a sum equal to double the amount of the bid filed for the work bid on, to be approved by the board of commissioners of said county. Said bond shall be conditioned for the faithful performance of the work; the sureties, if personal, shall be resident freeholders of the State of Indiana, one of whom shall be a resident of Rush county.

Said bond shall be for the benefit of any person, persons or corporation who shall suffer any loss or damage by reason of any such bidder failing or neglecting to enter into a contract to perform such work awarded by the said board of commissioners or to carry out the same in any particular or to pay for any labor or materials which may have been furnished to any such contractor or contractors or to any sub-contractor, agent or superintendent under him, in the construction of said work.

Said improvement will be let as a whole to the lowest responsible bidder upon affidavit of noncollusion, which must be submitted with the bid, and upon failure to submit such affidavit such proposal or bid will be rejected by the board; and the board reserves the right to reject any and all bids. Time for the completion of said work will be agreed upon after the letting of said contract by said board of commissioners and successful bidder.

Given by order of the Board of Commissioners of said county. PHIL WILK, Auditor Rush County. Dec15-22-29

REVIVAL TO CLOSE MONDAY

Salvation Army Meetings Held Each
Night by Capt. Westbrook

The Salvation Army folks are a very active and busy people these days. Captain J. W. Westbrook of Texas conducted a very splendid service last evening at the Army's church in Pearl street. A good crowd of earnest, eager listeners was much interested to hear the captain talk from the text "Let us not sleep as do others", 1st Thess. 5-6.

The revival will continue until next Monday night, commencing promptly each evening at 7.30 o'clock preceded by an open air meeting near the court house. Envoy Earl Ellis who has charge of the local work, is very busy with his Christmas and winter relief work. He believes that the pure and undefiled religion is more than sermon or song but is groceries, clothes, shoes, coal and house rent for the poor and needy as well, and he urges "Don't forget the kettle on the corner."

CLERKS WANT INSTRUCTION

Many Requests Made For Field Examiners by New City Clerks

(By United Press)

Indianapolis, Ind., Dec. 15.—Clerks-elect in seventeen first, second and third class cities in Indiana have requested the state board of accounts to send field examiners to confer with them on their duties.

"If a majority of such officials will indicate their wishes in the matter," Jesse E. Eschbach, chief examiner of the accounts board replied, we will call three meetings; one in the north, one in the south, and one in the central part of the state.

"Notice will be sent each clerk of the time and place of the meeting most convenient to his home and an examiner of the state board of accounts will be present and explain the clerk's duties and answer questions."

O. P. WAMSLEY TO ATTEND

The yearly meeting of the Indiana Hotel Association will be held tomorrow in the Claypool hotel in Indianapolis. The meeting will begin with a luncheon at one o'clock. In the evening a banquet will be given at 6:30 in the Riley room followed by a musical program. O. P. Wamsley of this city is expecting to attend. He is president of the association.

Meeting a Grave Situation
If the people of Indiana should discover, all at once, 30,000 cases of smallpox, or diphtheria, or even measles among them they would raise such a commotion as has never been heard before in the Hoosier State.

By Taking Our Old Liver and Iron Tonic—Vinol
MRS. C. JONES' SON

Wilkes Barre, Penn.—"I want other mothers to know what Vinol has done for my boy. Bronchial pneumonia left him in a frail, delicate condition and terrible coughing spell. The doctor tried different prescriptions, but he continued to fail. I was told about Vinol and he tried it and I never saw such a change as it has made in him, as he is now the picture of health and perfectly well." Mrs. Caroline Jones, 144 S. Meade St., Wilkes Barre, Pa.
There is nothing that acts so quickly in building up frail, delicate children as Vinol, as it contains the curative tissue building element of fresh cods' livers without oil, together with the blood making and strength creating properties of Iron, Glycophosphates and Beef Peptones, the most successful body and strength building agents known. We will agree to help your child with Vinol or return your money. F. B. Johnson & Co. Druggists, Rushville.—Advertisements.

Why does not the existence of 30,000 cases of tuberculosis in Indiana attract more than passing attention?

This question was raised today by Murray A. Auerbach, secretary of the Indiana Tuberculosis Association, in a statement showing the situation as regards nursing services available for tuberculosis patients.

The white plague takes many lives. There is no specific cure for it, as for other deadly diseases, humanity's best medicine for tuberculosis consisting of prevention. Last year more than 3,000 Hoosiers died of tuberculosis, and the best estimate is that there are now 30,000 active cases of the disease.

The Tuberculosis Association is asking Hoosiers to buy Christmas Seals, in order to raise money with which to fight the disease.

Despite the gravity of the situation we should succeed in obtaining an average contribution of seven cents from the people of the State. Mr. Auerbach points out, Rush county did this well last year and is hoping to do better this year. Reports received at state headquarters indicate a twenty percent increase in sales throughout the state.

There are in Indiana at this time only forty-two nurses giving all their times and efforts to tuberculosis work. Ten more are doing part time work, making a total of fifty-two nurses. If all the 30,000 persons suffering from tuberculosis should realize their condition and seek nursing service at the same time, there would be one nurse for each 577 patients. If they should all try to get into hospitals at the same time, the situation would be just as pathetic, for there are only five hospitals.

In a nutshell, that is the reason why the people are urged to buy Christmas Seals. If the people will only realize what the facts are, and appreciate their significance, they would give much more substantial support. The state association helps to support forty-six of the fifty-two nurses available for tuberculosis cases but the money should be available to double or even treble the number of nurses. The Christmas Seal has had much to do with the establishment of four of the five tuberculosis hospitals, they being county institutions, while the fifth is maintained by the State. More hospitals can be provided when the people understand the threat of tuberculosis, and buy Christmas Seals and Health Bonds in such amounts as to provide the funds.

Much has been done this year in the way of opening free clinics and increasing nursing service. Next year's program will be more thorough and extensive, thanks to a Seal Sale that promises to be better than last years. But at the same time, Indiana must realize that our goal of seven cents per capita for

the tuberculosis fight will provide only a very meager defense against the disease.

In addition to the help that Seals money provides in the state. Rush county people should be persuaded to aid in the campaign because of the good realized from the share the county receives. This money makes it possible to maintain a visiting nurse and at the same time provides the wherewithall to hold tuberculosis clinics, so that the disease may be discovered in its early stage. In this way the lives of many people may be saved and the community will be safeguarded against the spread of the malady.

AMUSEMENTS
At the Princes Today
The Celtic romance of Donn Byrne's literary temperament finds abundant room for gratification in his story, "The Woman God Changed" published in Hearst's Magazine, and pictured for Paramount by Cosmopolitan productions. It will be shown at the Princess theatre again today.
Byrne's genius for creating this type of story makes him peculiarly adapted to the screen. Born in New York he early found his way to Ireland the land of his fathers. He lived in its fairy stories, read its folklore; attended its schools, until at last he emerged a D. A. from University College, Dublin. Mr. Byrne is an athlete and lover of golf and yachting. He is a member of the International Sporting Club, New York Woodway (Conn); Golf Club; Riverside (Conn.) Yacht Club; is a contributor to sports magazines, and is considered an authority on boxing and wrestling.
At the Mystic Friday
Four of the screen's prettiest girls support Frank Mayo, the handsome young Universal star, in "The Fighting Lover", his most recent photodrama, which is to be shown at the Mystic Theatre on Friday.
First comes Jacqueline Logan, the spectacular beauty, late of the Ziegfeld Follies; Gertrude Olmsted, the prize beauty of Illinois; Jean Calhoun, the North Carolina charmer, and Ruth Ashby, a California debutante. In addition to the feminine magnets there are to be seen in the supporting cast such favorites as Jackson Read, Robert Bolder, Fred G. Becker, Joe Singleton, Gordon Sackville, Colin Kenny, Elinor Hancock and many others.
The story starts out with Frank Mayo as a rich young fellow who casually bets \$10,000 that he can reach out into the world and produce three girls with one of whom his friend will fall in love in thirty days. He advertises for three girls and a thousand answer. From among them he picks three, any one of whom would make a young man happy just to look at her.

GRID STARS TO AID OHIO STATE

University Will Reply on Football
Players to Put Across a Winning
Basketball Team

FIVE PLAYERS ARE READY

These Five Also Will Have to Fight
For Places With Five Veterans
From Last Year

(By United Press)

Columbus, O., Dec. 14.—Stars of the football team are expected to carry Ohio State through a winning campaign on the basketball court.

Five of the gridiron players, Blair Lightner, Petcoff, Young and Higgins, have been working steadily for two weeks under Coach George M. Trautman. Blair, whose speed and open field work in the Scarlet backfield was one of the big factors in the offensive work of the eleven, is establishing a great reputation as a forward.

Combining speed, skill and endurance with expert knowledge of floor play, Blair is said by Coach Trautman to be the ideal type. He also is an excellent basket tosser.

The other grid members are finding stiff competition from the yearlings, and the choice of definite positions are far from settled.

In addition, Ohio retains five members of last year's quintet. Captain Greenspan, who starts his third year as a regular, has cinched running guard. Robinson, guard, Dudley and Pence, forwards and Shidecker centers, are the other veterans who have been in basketball togs since early in October.

New men are plentiful but few have shown enough so far to warrant serious consideration as regulars. The exception is Young, whose speed and footwork are outstanding qualifications.

The game with Ohio Wesleyan next Saturday should be the first real test of the championship possibilities. Last year was disastrous, the Scarlet finishing low in the second division. The players are determined to wipe out that record at the expense of some of the so-called stronger teams. Prospects, at least, are booming for a title.

PLAN FOOTBALL SERIES

California and Illinois Sign Agreement For Annual Games

Chicago, Dec. 15.—California and Illinois have announced definite arrangements for a home and home football series starting at Illinois in 1923. Articles were signed by Director Huff of Illinois and Andy Smith coach of the Bears, who is returning home from an extended trip east. Smith also declared a plan had been approved at Calif and Stanford, whereby one of the big three of the east Harvard, Yale or Princeton, will come to the Pacific coast each year for a battle on new years day, starting in 1923.

The winner of the annual California-Stanford game will play the eastern invaders he said.

Smith visited the eastern schools and secured sanction of the plan, he declared.

mission will have the entire state to choose from in selecting a new site. The only limitation in the bill was that the reformatory be "more centrally located." Jeffersonville is in the southern extremity and any point north would meet the requirements.

One amendment to the bill offered by Senator James J. Nedil, a contractor and a union labor leader of Whiting, prohibits the use of prison labor in the construction of the new institution and one by Senator Strode of Kokomo provides that the state board of accounts shall audit the books of the commission. Otherwise the bill was virtually the same as drafted originally.

The house voted 64 to 29 in passing it and then passed a soldier bonus measure under suspension of the rules. The senate voted 35 to 11 to pass the reformatory bill, but the bonus measure was killed at 12:47 when the house adjourned sine die. It was necessary for conference committees of the senate and house to iron out difference between the two branches over amendments to the bill and this delayed final action. Most of the day was taken up in the house where three hours of debate preceded passage.

State leaders of the Veterans of Foreign Wars early in the day had besieged the legislature in an effort to force through the special session a bonus of \$10 a month for ex-service men and women with an optional feature of paid educational tuition.

SHOPLIFTERS MAKE STORES IN THE STATE

Many Cities Report Usual "Christmas Rush" of the Invaders
Who Steal Merchandise

BAD CHECKS ARE NUMEROUS

(By United Press)

Indianapolis, Ind., Dec. 15.—Traveling ahead of Santa Claus, a small army of shoplifters have invaded Hoosier stores, especially in the larger cities of the state.

It is the usual "Christmas rush" and merchants everywhere have banded together in an effort to combat their activities.

Another element which the merchants are watching is the fraudulent check passer.

In Indianapolis, they have formed the Stores' Mutual Protective Association, and have appealed to the courts for prison sentences instead of fines for those found guilty of stealing merchandise or taking advantage of the season to issue fraudulent checks.

Signs informing the public that stores are protected by the association are displayed in all the stores, which are members of the association.

Miss Means, a member of the Indianapolis women police, said that the shop lifting is not confined to any one class of people, but includes the elite as well as those of humbler means.

The total enrollment in the county schools reached 2,707 and there were 328 tardies in the county, which resulted in 5,063 minutes being lost by the tardies.

Jackson township schools made the best showing in tardies, having only seven for the first three months, and with a low record of only 20 minutes lost. The Ripley schools topped the list on tardies with a total of 48, and with a combined total of 849 minutes lost during the three months period.

Tomorrow a report of the ranking of the high schools will be made public.

The following table is a summary of the first three months in the 12 townships, including high schools, consolidated schools, one room and two room buildings:

answers, by telling the witnesses that a person's reputation for morality was based on what they had heard or read, and not what they actually knew of the person's character. Many of the witnesses stated that from what they had heard, her reputation was bad.

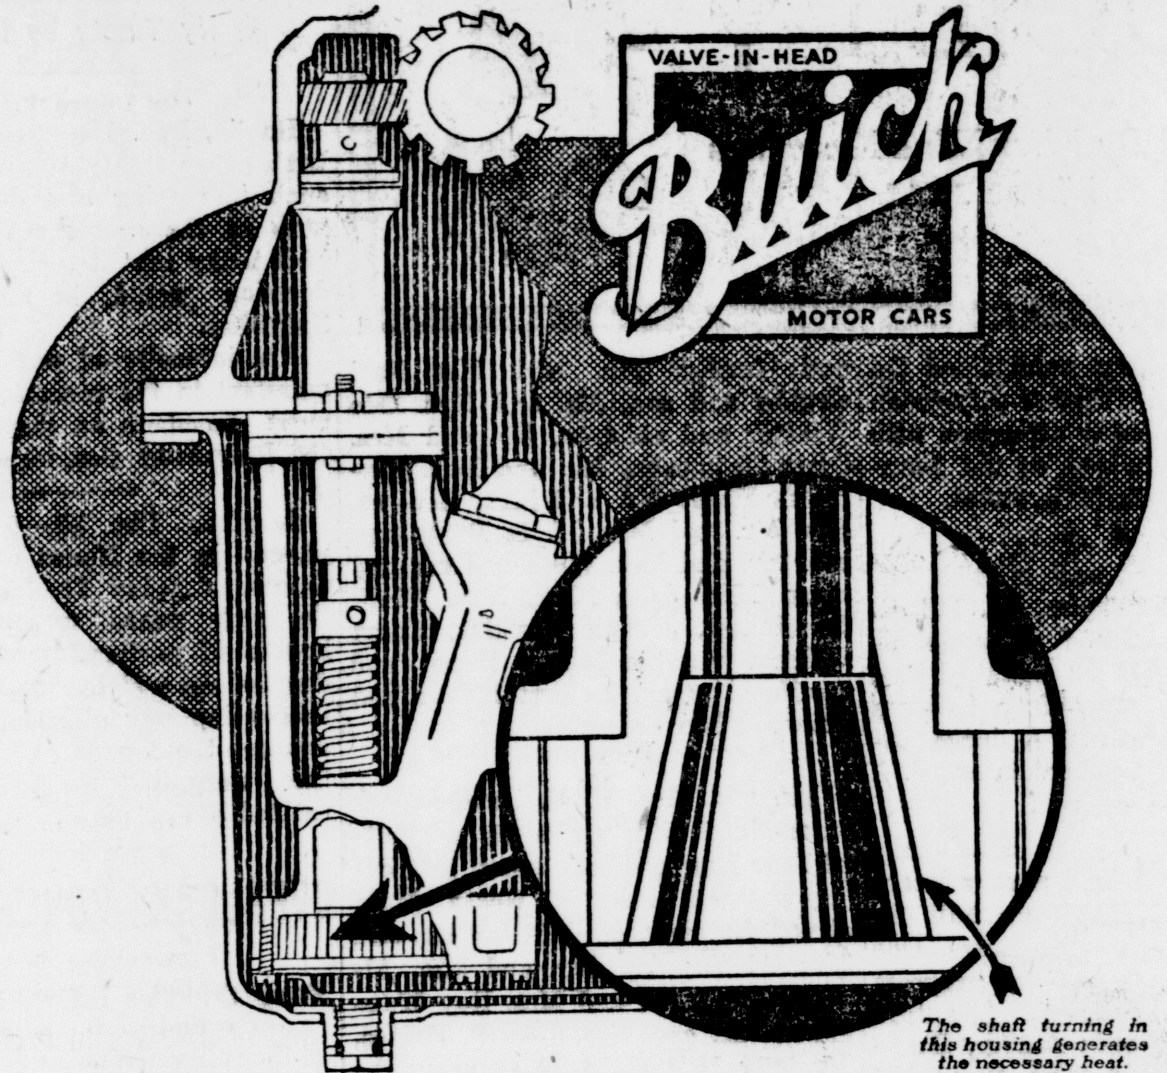

Others stated that from what they had read from the newspaper, her reputation was bad, and there were still several who lived within a few doors of the defendant, who had never heard any of the "neighborhood gossip."

Mrs. Eli Hardwick, Mrs. Sam Wagoner and Mrs. Ray Williams, all testified that they had seen men enter and leave the house and Mrs. Wagoner stated that on one occasion she saw the defendant embracing a man, and that she saw him give her some money.

Mrs. Wagoner stated that on one day an automobile drove up in front of the house, and the defendant came out, and seeing Mrs. Wagoner looking at her, remarked, "Chuck, you damn fool, drive around in the alley, don't you see the reporter for Sixth street looking?"

Oil pumps in automobiles sometimes freeze up in very cold weather.

The Buick oil pump is so designed that, should the pump gears be held immovable through freezing, the shaft revolves within the gear. The heat thus generated thaws out the frozen parts, restoring gear action and oil flow to normal.

Only on a Buick will you find this feature.

250,000 Words at His Command

And at your command—and a sure point for every word. Always sharp but never sharpened, the Eversharp Pencil brings you a totally new idea of pencil efficiency, downright convenience and better writing.

As much a marvel of construction as a perfect writing aid. Built with jeweler precision. A built-in clip prevents it from being lost. An Eversharp becomes your right-hand friend and bosom companion for life.

EVERSHARP

The name is on the pencil!

Come and see the Eversharp line, whether you are seeking the world's best pencil for yourself or some writing friend. Made for pocket, chain, or lady's bag. A 25c box of leads—enough for another quarter million words—replenishes the writing chamber; leads come in various degrees of hardness.

Express Company Prepares to Handle
Holiday Rush, and Asks
Public Co-operation

SAFE WRAPPING IS IMPORTANT

Employees of the American Railways Express company are urging early shipment of Christmas packages, and special preparations are being made to handle the inbound and outbound business during the Christmas rush, according to Charles E. Worland, local agent.

He pointed out that the most important part in handling the holiday rush, is to deliver the packages before Christmas day. The express companies ask the public to ship their gifts in "perfect packages" so that the shipments may be safely and quickly delivered.

Special care should be taken, he said, in the packing and marking of packages, with legible addresses being placed on each package, and all former marks erased. Gifts in boxes or cartons should be reinforced with packing material as to avoid shifting of contents while in transit.

Miss Bertha Helm entertained the members of the Tuesday Afternoon Bridge club yesterday afternoon with a one o'clock luncheon at the Seaman Hotel in South Main street.

There will be a call meeting of the Martha Poe Chapter, No. 143, O. E. S., Friday evening at seven o'clock. Officers will be installed and the degree will be conferred on a class of candidates. A large attendance of the members is urged.

The Woman's Home Missionary Society of Sexton held a very interesting meeting in the town hall in Sexton Tuesday evening. Mrs. Ode Winkler had charge of the program which was as follows: Scripture reading, Pearl Land; prayer, Grace Winkler; recitation "Get Somebody Else," Mildred Weiss; talk, "General Conditions in Foreign Fields," Mrs. Marion Pratt; recitation, "Christmas Carol," Martha Land. Mrs. Emily Kiser conducted the Bible study. Mrs. Everett Lee called the roll and gave the report of the last meeting and Mrs. John Weiss took the offering. Mrs. William Kiser presided at the piano. A sumptuous pitch-in supper was served to all present. Those who were there were Mr. and Mrs. John Weiss and daughter Mildred, Mr. and Mrs. George Kendall, Mr. and Mrs. Harry Land

and family, Mr. and Mrs. Earl Grubbs and son, Mr. and Mrs. Ode Winkler and children, Mr. and Mrs. Omer Thompson, Mr. and Mrs. Elsworth Kiser, Mr. and Mrs. Everett Lee, Mr. and Mrs. M. L. Pratt and son, Mr. and Mrs. William Kiser and baby, Mrs. John Kirk, Mrs. Virgil Longfellow, Joseph Newkirk, Court Oldham and the Misses Irene and Pauline Barron, Delbert Hobbs and Derwood Barron.

Mr. and Mrs. H. E. Daubenspeck entertained with a prettily appointed four course dinner party last evening at their home in North Main street. Covers were laid for Mr. and Mrs. Ab Denning, Mr. and Mrs. Alvan Moore, Mr. and Mrs. Roy Waggener, Mr. and Mrs. John P. Frazee, Mr. and Mrs. W. A. Alexander and Mrs. Ira Clawson.

Word has been received here of the marriage of Mrs. Ione Abercrombie to James E. Churchill which took place in Louisville, Ky., Wednesday. Mr. Churchill is a ranchman and lives in Victoria, Texas. The bride is well known in this city. Mr. and Mrs. Churchill will be at home at 1115 North Main street, this city, for the remainder of the winter.

DAIL RESUMES THE DEBATE

British Parliament Expected to Ratify Treaty by Night

(By United Press)
Dublin, Dec. 15.—Debate over the Irish peace treaty was renewed with such increasing and dogged bitterness at the secret session of the Dail today that it seemed hopeless a decision would be reached before Saturday.

The intensity of partisanship was manifest in the reception of Parliament members as they approached the University Council chambers.

London, Dec. 15.—The way was paved in the House of Lords and Commons today for ratification of the Irish peace treaty. The two houses of parliament met to resume discussions which were not expected to develop any alarming resentment against the treaty and the possibilities were that the pact might be ratified before night.

OVERLOOK POULTRY FEES

Many Counties Fail to Collect From Dealers in Poultry

South Bend, Ind., Dec. 15.—Many counties of Indiana are overlooking a source of revenue, by failing to collect license fees prescribed under a law which provides that poultry dealers generally must take out permits.

An investigation conducted in northern Indiana reveals the fact that comparatively few licenses have been issued in this part of the state the average being under 50. It also has developed that butchers have not taken out licenses in many counties, as required under the statute. The license fee is \$1.

giving miners the right to fulfill all existing contracts with mine operators in the central competitive field, calling for collection of union dues by the check-off method.

The court also held that the miners should be restrained in their attempts to unionize the mines of West Virginia which the Borderland company has been fighting, for a year, only insofar as their acts immediately and directly interfere with the operation of the mines.

BANDIT WOUNDS WAITRESS

Chicago, Dec. 15.—A bandit shot and seriously wounded Mrs. Bessie Lonergan, a waitress here today, when the woman resisted his efforts to snatch her purse. Mrs. Lonergan was walking along Michigan boulevard when accosted by the purse snatcher. The man escaped.

PRINTING CONTRACT LET

The county printing and supplies contract was awarded today by the county commissioners to A. E. Boyce and company of Muncie. The Fort Wayne Printing company was the only other bidder.

DECKER TRIAL ARGUMENTS

Columbia City, Ind., Dec. 15.—The second trial in the Atwood insurance murder drew to a close today when closing arguments were made before a jury in the case of Fred Decker. In all probability the jury will retire tomorrow afternoon.

STEAMER GOES ASHORE

Only people living on rural routes and in other remote localities in Indiana where THE NEWS is not represented by an agent or carrier who makes delivery to homes and business places, can be served at this rate.

The farmers are among the heavy sufferers from the shrinkage of values. Much of the pending legislation relates to agriculture, and the welfare of the farmer is essential to the welfare of the nation.

It is important that he be supplied with all the news of the day, and in the hope and expectation of meeting all his requirements in this direction this reduction in price is made to him.

THE NEWS, with its Associated, United and Consolidated Press dispatches, its Washington News Bureau, and its other facilities for collecting the news and discussing it intelligently, will therefore be available to rural route subscribers at \$4.00 a year, notwithstanding that postage rates and newsprint paper are still 100% above pre-war prices.

THE NEWS, in line with its long established policy, desires to be one of the first metropolitan newspapers of the country to bring rural subscription prices back to normal.

CHANGE OVERTIME PAY OF EMPLOYEES

Ruling of Railroad Labor Board Will Save the Roads Millions of Dollars a Year

BLOW TO EIGHT HOUR DAY

Nothing to Prevent Carriers From Working Men Ten Hours if There is no Punitive Provision

(By United Press)

Chicago, Dec. 15.—Drastic changes in overtime pay of half a million railroad workers were made public by the United States railroad labor board Wednesday.

The board stated that starting Friday maintenance of way employees would not be paid time and a half for overtime until a day of ten hours had been completed. Under the old rules time and a half was paid after eight hours work.

The ruling will save the roads millions of dollars a year in operating expenses.

The new rulings were branded today as a blow to the eight hour day by J. J. Farnan vice president of the Brotherhood of maintenance of way employees.

"The eight hour day is gone," he stated. "There is nothing to prevent the carriers from working men ten hours a day if there is no punitive provision."

The railroad board, however, did not consider its ruling contrary to the provisions of the eight hour day. The board reaffirmed the basic eight hour day when it stated in its findings:

"Except as otherwise provided in these rules, eight consecutive hours shall constitute a day's work."

S. M. Felton, president of the Chicago Great Western railroad said the benefit that may ensue from changes in the rules would be a matter of guess work until they had actually been put into effect for a period.

"However," he declared, "it is evident from hasty reading of the new rules that they are designed to eliminate many of the onerous effects of the old national agreements."

The new rules abolish time and a half pay for Sunday work. However, it is stipulated that three hours pay for the first two hours work, in case a full day is not put in, shall be effective.

Maintenance of way employees the chiefly laborers who keep the

This is the second group of rules announced by the board recently. Nearly all rules have been passed upon now and it is believed the board is about ready to consider applications for slashes in pay.

Former Secretary McAdoo Refuses to Discuss Provisions of Agreement as Signed

IN FAVOR OF THE LEAGUE

(By United Press)

San Francisco, Dec. 15.—Claiming that he had an opportunity to study the quadruple agreement signed yesterday at Washington for peace on the Pacific, W. G. McAdoo, former Secretary of the treasury today refused to discuss either its provisions or the question of politics.

"I don't know anything about politics," he declared.

McAdoo arrived here yesterday from Los Angeles, on "private legal business."

"I favor strongly the principle of disarmament," he declared, "and I would be glad to see a partial reduction of arms if the U. S. were guaranteed ample protection."

"An agreement between a few nations is an alliance of theirs against all other powers designed to protect their own interests against all nations," he added.

"The alliance might prove dangerous, but I have not studied its provisions."

"I am in favor of the League of Nations."

JENNINGS MILLIONS PROVE A MYTH

(By United Press)

London, Dec. 15.—A heatless newspaper has just solved the mystery of the "Jennings Millions" which have cost members of the extensive Jennings family all over the world years of worry and tons of money.

The solution is that there aren't any Jennings's millions and never were. There are over 25,000 claimants to the Jennings millions, according to unofficial estimates. The millions have been estimated at various sums. One recent claimant suggested 25,000,000 pounds. As a matter of fact, the fund into which the estate was supposed to be paid to await a claimant totals 1,490,000 pounds distributed over 4,100 separate estates. Also, the "Jennings Millions" were never in this fund.

The myth originated following the death of Thomas Jennings—the spelling has since changed—of Sowterby, Yorkshire, in 1798.

AGREEMENT SOON ON NAVAL PLANS

Delegates to Arms Conference Rapidly Approaching Settlement of Ship Limitation

REALIGNMENT IS EXPECTED

Hughes Program May be Changed to Permit Japan to Keep One of Their Big Ships

Washington, Dec. 15—The "big three" delegates of the arms conference are rapidly approaching a definite agreement on the question of limitation of naval armament, it was learned today.

A realignment of the list of capital ships of the three powers after the Hughes program goes into effect so that Japan may keep the mighty Mutsu is now under consideration.

It is believed a complete agreement on the naval question will be announced at a plenary session at the end of this week. One of the American delegates said. There is said to exist an understanding between the big three, Hughes, Balfour and Kato—for a settlement of the naval question and in some ratification quarters, it was predicted a detailed agreement would be definitely reached at another meeting of these three statesmen today.

This general understanding is believed to involve:

A definite agreement among the three powers on the "5-5-3" capital ship ratio.

A realignment of the capital ships of the three powers on the basis of this ratio so as to allow Japan to retain her newest super dreadnaught the Mutsu, if this can be done without endangering the Hughes plan.

A modification of the ten year naval holiday of the Hughes proposals which would meet the contentions of Great Britain and others that some "warship" construction must be carried on during this period so as not to disrupt present facilities for building, but on the condition that this does not defeat the fundamental principle of the Hughes program.

GERMAN TOYS BACK ON U. S. SHELVES

American Public This Christmas Will Buy More Foreign Made Toys Than in Recent Years

DOLLS AT HEAD OF THE LIST

(By United Press)

Bridgeport, Conn., Dec. 15—During the Christmas season the American public will buy fewer toys made in America as during the year of 1919, according to Harry C. Ives, President of the Toy Manufacturers Association of America.

In 1919 more than \$88,000,000 worth of American toys were sold at wholesale but this year German-made toys will be on the market, Ives stated. He pointed out that the German-made doll was especially popular to the American buyers.

"The miniature sailing yacht is to be the chief summer toy of the American youth in the near future", Ives continued. "Interest in this sport has progressed far in sporting circles, partly because the challenge from Great Britain to America for a race under yachting rules, but with miniature boats, has been accepted and will probably be run off Long Island Sound next summer".

Ives declared that young men are already seeking small yachts, mechanically steered, from one foot to five feet in length.

Educational toys will be the best sellers in stores for the children this Christmas, Ives stated. The educational toys inspire the boy or girl towards higher development of the mind and the American parent is giving more heed to the selection of toys even among the smaller children.

NO trouble with Macbeth or Liberty lenses! No difficult focus to find, no tilt of the lamp necessary, no glare.

Many lawful lenses require a lamp focus or tilt that only a lighting engineer can obtain. But Macbeth and Liberty lenses, which take the normal focus, can be installed in five minutes. With them, you enjoy a brilliant, properly controlled driving light free from glare.

Get Macbeth or Liberty lenses without delay

Comply with the new Indiana law by putting Macbeth or Liberty lenses on your car today. They are lawful here and in every state of the Union. The demand will be heavy. Stop at your dealer's today.

Don't accept an unknown lens. Beware of painted lenses, for the paint will wash off and chip, making your painted headlights unsightly and unlawful.

FOUR POWER TREATY MAY BE RATIFIED

Ratification by U. S. Senate is Only
Matter in Doubt—Opposition is
Not as Strong as Expected

NO SAFEGUARD, SAYS BRYAN

By WILLIAM JENINGS BRYAN
Copyright, 1921 by United Press

The four power treaty seems likely to be ratified by the four governments.

Ratification by the U. S. senate is the only matter in doubt and the opposition does not seem as strong as might have been expected considering the senate's action on the League of Nations.

Senator Lodge who presented the four power treaty to the conference, led the fight against the covenant of the League and was especially emphatic in his condemnation of Article 10. He spoke for a majority of the Senate, when he protested against a surrender of the right of Congress to decide for this nations question on peace and war.

The League covenant required unanimous action so that the U. S. would have had to participate through its representative in any action looking toward war; the four power agreement contains no provision safeguarding the U. S. in this respect. If a majority can determine the action taken under the four power agreement it follows that Great Britain, Japan and France can determine for the United States what action shall be taken "jointly and separately" to resist the aggression.

FOUR YEARS OF A BLANK

Average Man in Russia Knows Little
of What Has Taken Place in
America and Western Europe

By EDWIN W. HULLINGER
(U. P. Staff Correspondent)

Moscow, (By Mail)—While the western world has been wondering what has been going on in Russia Russia has been wondering just as much what was going on in the rest of the world.

The average man in Russia has known just as little—perhaps less—about events in America and Western Europe these last four years as the average American has known about the so-called "truth about Russia". The Chinese wall which has separated Russia from the balance of civilization since the Bolshevik revolution has been just as impermeable from this side as it was to us on the other.

Coming into Russia is like coming into a beleaguered city, full of people famishing for word from home.

Time and again former professional men, former merchants, have come up to me on the street to ask for news from western Europe. Dostshky drivers have twisted their increasing avoirdupois—they grow fatter and fatter as the winter progresses with each additional layer of clothing—around on their driver's sets in front to enquire what was happening in America.

The most astonishing conceptions have been revealed. Some thought a Soviet Republic had been established in Washington. Many had understood that if such were not the case, it would happen soon, as the workers of America were on the point of revolting. This type of idea was for the most part confined to the working people.

The former bourgeoisie enquired principally about political events, and about living conditions. They knew that the war was over, and that is about all.

While a picturesque-looking old monk was conducting a party of us through Ivan the Terrible's private temple in the Red Square, a former physician from Odessa, now in the Bolshevik Red Cross, glimpsed my American bone-rimmed glasses and edged through the crowd of sight-seers to enquire if any great scientific discovery had been made "in the outside world" since the war.

All commerce with the rest of the world has been stopped until a short time ago and it was only recently that mail service was resumed. No pleasure travellers and no business travellers except those on official governmental missions have come to Russia since 1917. Telegrams now go freely to London and Berlin, but this is only a very recent arrangement.

The Bolshevik newspapers in Moscow are large one-sheet affairs, recalling the editions in London during the war. They are filled with long editorials and polemic articles against bourgeois Western Europe, Communist party news about Russia, and a column or two of short paragraphs from foreign countries—a single paragraph from each land. These items are generally labor news, however, such as might be found in a typical trade union organ in the United States. The classic paragraph from the United States is about a strike at Pittsburgh, an impending strike of the New York wharfers, etc.

The biggest political events, such as conferences of premiers, are generally chronicled but briefly—generally in four or five lines.

This news is gathered by the various bureaux of Rosta, the official propaganda agency, in the capitals of those countries having relations or quasi-relations with the Soviet Government. The news about Russian, however, is comparatively complete—surprisingly so in view of the general disorganization of transport and means of communication throughout the country.

In their handling of local news the Moscow papers often display creditable enterprise. During the recent sessions of the All-Russian Central Executive Committee, Russia's "Parliament", the Izvestia got out four-page editions, including nearly two entire pages of news about the meetings, with many of the principal speeches in full. None of the papers published more than

CRIMINAL CASE GIVEN TO JURY

Arguments in Trial of Elizabeth
Lawson Begin in Circuit Court
at 1:15 This Afternoon

HUSBAND DEFENSE WITNESS

Scott Lawson, Painter, Denies State-
ments of Neighbors Regarding
Visitors at His Home

The case of the State against Elizabeth Lawson, charged with keeping a house of ill fame, was concluded this afternoon shortly after three o'clock, when the case was given over to the jury for their deliberation.

The evidence was completed at 1:15 this afternoon and the arguments of the attorneys began. The case started in the court yesterday, and created a great deal of interest. Each side was well represented with witnesses, and the principal witnesses for the defense were the defendant herself, and her husband, who is a painter.

The defense began this morning on their portion of the evidence, and Scott Lawson, husband of the defendant, was the principal witness.

He stated that the men who came to visit at his house came to see him, and were friends of the family. He said he did not know Chuck Taylor, who was mentioned frequently during the trial as being one of the visitors.

Mr. Lawson told the jury a long story about the times the police had come to the house, and stated that they never found any evidence of bootlegging. When questioned about an empty bottle that had contained whiskey, he said that he had purchased it on account of the sickness of his wife.

When questioned further, he said that he bought it about a year ago, and that he paid Mr. Stevens, evidently meaning the prosecutor \$4 for a pint.

The witness said that he was almost 50 years old, and his wife was 33 or 34 years old, and that he believed they were married in 1912 in Greenfield.

A great number of witnesses occupied the stand yesterday being mostly men and women living in the neighborhood of 217 West Sixth street, who testified for the state concerning the reputation of the defendant for chastity and virtue.

Witnesses were reluctant for the most part in stating that the reputation of the defendant was bad, and the court had to pave the way for the

ABANDONED CAR IS CLAIMED

Sheriff Jones Receives \$50 Reward
When Owner is Located

An automobile which was abandoned about a month ago on the Harrie Jones farm, just south of Rushville, was identified today as belonging to a cashier of a bank living in Ironton, Ohio, and Edgar Clancy, an insurance adjuster, came here and took the machine back to its owner, paying Sheriff Jones \$50 reward for the recovery of the machine.

It was stolen from the owner and was abandoned by three men, who were seen leaving the car in the corn field late one afternoon. The machine had been in an accident, and was considerably damaged. It was a high-priced car, and was comparatively a new one.

JUDGE ANDERSON IS NOT SUSTAINED

United States Circuit Court of Ap-
peals Upholds Miners' Right to
Use Check-off System

INJUNCTION IS OVERRULED

Decision Holds Miners Should be
Restrained From Attempts to Un-
ionize W. Va., Mines

(By United Press)

Chicago, Ill., Dec. 15—Coal miners of America won a sweeping victory in the United States circuit court of appeals here today when the court upheld their claim to the right of operating the check-off system of collecting union dues.

The decision was handed down on appeal of United Mine Workers of America from an injunction issued by Judge Anderson in Indianapolis. Anderson's decision abolished the check-off system.

The circuit court said the evidence clearly showed the mine operators and miners' unions in the central competitive field had entered into a gigantic conspiracy to eliminate competition by organizing West Virginia miners.

The unions bought arms, promoted civil warfare, organized and held expeditions into West Virginia, the decision said.

Judge Anderson was instructed to recast the order so as to restrain the miners' unions from carrying out these threats directly and immediately interfering acts, as shown by the petition of the Borderland company for an injunction.

The circuit court ordered Judge Anderson to draft a new injunction

CITY BEING SEARCHED FOR DRAMATIC TALENT

Already Substantial Number of
Characters are Assigned For
"Oh, Oh, Cindy," Legion Show

REHEARSALS BEGIN JAN. 10

Rushville is being searched thoroughly for the best dramatic and musical talent to take part in the production of "Oh, Oh, Cindy," the big show which is to be presented here under the auspices of the American Legion. Already a substantial number of the characters have been assigned and the choruses are being rapidly filled. Anyone who has knowledge of any person possessing unusual talent, which might be available for use in the show might do well to communicate with Denning Havens, chairman of the talent committee.

Rehearsals are expected to start about Jan. 9 or 10th, at which time the professional director from the John B. Rogers Producing Co., is expected to arrive.

Among those who have already been assigned parts are: Miss Mildred Snyder, Miss Margery Clark, Miss Margaret Giffin, Miss Henrietta Talbert, William A. Young, Dr. D. D. Dragoo, George Hogsett, Ralph Pinder and Denning Havens.

COUNTY NURSE TAKES UP WORK

Miss Grace Ewing Assumes Duties,
Having Been Engaged by Red
Cross Few Months Ago

RELIEVES CARRIE McMANUS

Annual Election Results in Selection
of W. E. Wagoner as Chairman
To Succeed L. E. Brown

Miss Grace Ewing of Indianapolis, Red Cross county nurse, assumed her duties today, relieving Miss Carrie McManus of this city, who has been acting as nurse for a few months pending the arrival of Miss Ewing.

The report of Miss McManus, which will be made public shortly, shows that she has made more than eighteen hundred visits in the short time that she has been engaged, and reveals the local service that the Rush county chapter of the Red Cross is rendering, in addition to being a part of the world-wide relief organization which is ready for any emergency in case of disaster.

Miss Ewing is a registered nurse, having taken a special course in public health nursing in Indianapolis to be prepared for her work in Rush county. She has also just completed a four months course in public health nursing of children under six years of age so as to be especially equipped for any case which may come to her attention. This is the reason Miss McManus was requested to take up the nursing work here this fall, so as to permit Miss Ewing to take the special course in the nursing of children. With this training, Miss Ewing will not only be prepared to do work in the schools of the county, but will also be enabled to handle the cases of children under school age.

The annual meeting of the Rush county chapter of the Red Cross was held Wednesday afternoon at the court house and officers were elected for the coming year. W. E. Wagoner was chosen county chairman to succeed the Rev. L. E. Brown and the other officers were re-elected.

Miss Henrietta Coleman will again act as vice-president, Mrs. Harrie Jones, secretary and Miss Nora Sleeth, treasurer. The executive committee was re-elected as follows: Mrs. A. L. Stewart, Miss Sleeth, Mrs.

PROSPERITY POSTER CAMPAIGN IS BEGUN

First of Series of Messages Spon-
sored by Rotary Club is Posted
on Local Bill Board

BILL POSTERS FREE SERVICE

The Rotary club's prosperity campaign reached Rushville today when George J. Kerrigan of the Connersville Poster Advertising company posted a large sign on the company's bill board near the C. I. & W. station, carrying the first of a series of messages in the prosperity poster campaign of education. The initial message is from President Harding and says:

"The people of Washington and Lincoln are conquering the difficult problems of today, no less worthily, and with the faith and confidence which they bequeathed to us. We are sure to find the ways to restored prosperity and our need of happiness."

The campaign originated in the New York Rotary club. The Poster Advertising association, at its annual convention, agreed to contribute \$1,500,000 worth of advertising space to the movement and paper and ink manufacturers also made big concessions to help the thing along. With many donations made, \$60,000 was still required to put over the campaign, and this expense was promptly underwritten by the members of the New York Rotary club.

While here today, Mr. Kerrigan also put up a large poster advertising the Christmas Seals campaign. This is another service for which the bill posters receive no financial return.

AGREEMENT ON NAVY INDICATED

"We Are Through," Says Arthur J.
Balfour After Big Three
Conferred on Naval Armament

PLENARY SESSION DUE SOON

If Japan Retains Mutsu, Britain
Will be Allowed To Build Two
Vessels During Holiday

Washington, Dec. 15.—A complete agreement on limitation of naval armament was reached at a meeting of the big three today, Arthur J. Balfour, British representative at the conference, indicated.

"We are through," the British representative curtly said after the meeting. He would make no further comment but indicated his word should be taken to mean that a settlement had been reached.

Reports were current that a plenary session would be held soon.

A British spokesman previously made it plain that if Japan retained the Mutsu, Great Britain must be allowed to construct two super-hoods or slightly smaller vessels during the holiday.

The proposal for realignment of the British navy to meet Japan's retention of the Mutsu, was being considered by the big three today. The counter proposals contain provisions for: 1, construction of two super-hoods and scrapping of four dreadnaughts and one battle cruiser; 2, construction of two vessels of Royal Sovereign type (but smaller than the super hood) and scrapping of four dreadnaughts and no battle cruisers.

Virtually no work has been done on the super-hoods, thus making considerable amount of construction during the holiday if Britain is allowed.

Under the agreement so far reached, Japanese would have to scrap the Setsu if she keeps the Mutsu. The American and British have acquiesced in principle to Japan's retention of the Mutsu and will let America keep the Colorado and Washington, thereby making America's total tonnage around 535,000 instead of the original 500,000 proposed in the Hughes program.

Salvation Army kettle ----- 6.82
Total ----- \$304.9

The Daily Republican-Salvation Army Christmas fund passed the \$300 mark today, but is still \$50 short of last year when a new record was set.

Today's contributions amounted to \$16.82 and were far short of the sum which friends of Santa Claus piled up Wednesday. There are only eight more opportunities to help in this laudable effort and the days are slipping past fast. Those who have in mind to come to the rescue of the little folks who are without hope of a merry Christmas, except through the aid of the fund, should not neglect longer because the managers are anxious to get an idea of how much they will have to spend in spreading Christmas cheer.

Two good friends of Santa Claus came forward today with \$5.00 each and the Salvation Army kettle kept up the good work by adding about the usual sum.

FEW SEATS ARE LEFT TODAY

Still Opportunity to Get One For All
School Concert Tonight

There were very few seats left this afternoon for the All School concert which will take place this evening at the Graham Annex auditorium at 8:15 o'clock. The opening was postponed until this hour due to the fact that prayer meetings are scheduled for this evening, and it was aimed to make it possible for those going to church, to be able to hear the concert.

The concert is expected to prove very entertaining because of the wide variety of the program and the many features which are promised. Children from nearly every grade in all of the buildings will participate, and the high school will be represented by glee clubs and orchestras.

Orange Township Ahead, According
to Records For First 3 Months
Compiled by W. E. Wagoner

COUNTY AVERAGE IS 98.1%

Arlington High School and Osborne
School Go Through Period With-
out One Tardy Registered

The Orange township schools led the rest of the townships in attendance records for the total of the first three months of the school year, according to facts relating to the attendance in the county schools, given out today by W. E. Wagoner county school superintendent. The entire county made a remarkable showing with an average of 98.1 percent.

The Orange township rank was placed at 99.1 percent, with the schools losing 102 hours of work on account of the absence of pupils. Noble ranked next with 98.5 percent, with 162.6 hours lost. The schools of Union township ranked lowest with 97.5 percent, with a total of 355.8 hours lost.

Two schools in the entire county went through the first three months without a single tardy, these schools being the Arlington high school, and the two room school, known as the Osborne school, in Jackson township.

The data on the attendance as compiled is divided into five branches, first with the entire county listed as to the twelve township; second

CLASS OF 60 GIVEN TALL CEDAR DEGREE

Program by Vaudeville Entertainers
in Connection With Work Enjoy-
ed by 300 Masons

BANQUET AT MASONIC TEMPLE

A class of sixty was initiated into the mysteries of Cedarism Wednesday night at the Modern Appliance building when the seventh pilgrimage of Rushville Grove No. 6, Tall Cedars of Lebanon, was held. Previous to the initiation, a banquet was served under the auspices of the Eastern Star at the Masonic Temple, and three hundred Masons were on and to enjoy it.

In connection with the degree work, two vaudeville entertainers provided a program which met the approval of the Tall Cedars. A woman accordion player who sang popular songs to her own accompaniment proved very popular and responded to many encores. An impersonation of an oriental dancer by a man also won the plaudits of the crowd. The impersonator was so good that many in the audience were not convinced that the entertainer was a man until he divulged the secret at the close of his dancing.

The Tall Cedars voted to hold another initiation in the spring. The Rushville grove is one of the largest in the state and has recruited its members from all adjoining counties.

M'CRAY SIGNS IN 3 MINUTES

Governor Expected to Choose Same
Commission to Supervise Removal
of Institution

(By United Press)

Indianapolis, Ind., Dec. 15—The state soldier bonus and other proposed legislation died with sine die adjournment of the special legislature at 12:47 o'clock this morning after the reformatory relocation measure had been passed substantially in its original form.

Governor McCray signed the bill shortly after it was placed on his desk—three minutes after adjournment—and it became a law with his signature.

The bonus bill passed the house 76 to 6. Those voting against it were Bedgood, Grayson, Johnson of Monroe, Kingsbury, Lafuze, and Waters, all republicans.

Representative Newman of Indianapolis introduced the bill and Representative John Winesburg of Wabash county, an economy man in the last regular session, made an impassioned speech for it.

The Veterans of Foreign Wars who had confidently expected passage of the measure had prepared for a big demonstration to follow its approval. They had flares unfurled in the corridors of the state house and were ready to march in celebration.

As the final gavel came down in the senate chamber, they went into the corridors again muttering and wringing out the flags.

Efforts of Representative John L. Benedict to introduce a congressional reapportionment bill were stifled by the house when it rejected the bill. Efforts to introduce other bills were also put down.

Interest in the matter then turned to the personnel of the commission he is required to appoint within ten days to remove the reformatory from Jeffersonville and make way for Coleraine & Company, purchasers of the Jeffersonville site.

The governor is understood to have decided upon the commission membership and he is expected to make it public within less than five days. According to reports, the governor will choose the same commission which when it killed an amendment to the bill which would have prevented the naming of Senator Estes Duncan of Cloverdale and retained a provision which makes the board of state charities the final arbiter in selecting a site. Duncan was a member of the former commission. It was pointed out today the com-

Jones, Miss Anna Bohannon, A. L. Gary, Mr. Wagoner (taking the place of the retiring chairman by reason of his office) Ralph Payne, Robert E. Mansfield, Fon Riggs, John McCoy and E. B. Thomas. The township directors were also re-elected.

The report of the treasurer was not available for the annual meeting because returns have not all been received from the annual Roll Call which was held in November. Three or four townships have made no reports whatever and other township reports are only partially made. Indications are, however, that the membership for the coming year will run over one thousand.

RIOTING APPEARS CHECKED

State Troops Have Salutary Effect on Kansas Mine Field

Pittsburg, Kansas, Dec. 15.—Cavalry of the Kansas national guard charged into Southern Kansas coal fields today but failed to find a foe.

The coal mine trouble became virtually a comic opera war when troops entered the interurban ears in which they will patrol the danger zone. Not a member of the "Amazon army" was in sight. The coal fields which yesterday were sweeping areas of riot and guerrilla warfare, were peaceful.

Women who had fled from home, some carrying babies and leading their children to join the vast army, had returned to their kitchen stoves today.

New York Stocks

New York, Dec. 15—Oils led the New York stock market today in the first few minutes trading. Pacific oil was above 48 and established a new record high. Standard Oil of N. J. made an early high close to 190 and Standard of California got above 92. Mexican Petroleum retained the position close to 120. One exception to the general trend was Houston Petroleum which was up 1 at 49. The Oil which was off 1 1/2 at 81 1/2. Calif. Oil of the list was firm and Corn products got on new high ground at 495-8. The equipments showed an average gain of 1/2 a point. Kelly Springfield led the tire stocks with early sales above 44. There was little change in the rails.

Standard Oil of California became a leader of the oils before the end of the first hour selling above 93. Standard Oil of New Jersey after its higher opening sold off about 2 points. Houston Oil continued heavy. Pacific Oil and Calif Petroleum held around the highs of the first few minutes of trading. The rest of the list did little with the exception of U. S. Rubber which made a new high in the move of 57. U. S. Rubber preferred broke through par up over 26 points from the years low.

The Street is now firmly convinced that there is under discussion a copper merger along lines si-

ilar to the proposed independent steel merger. American Smelting, Kennecott, Utah, Braden, Chile and other companies are mentioned as one group that will come together. The other group will be led by Anaconda, Inspiration, Magna, Calumet and Arizona, and other properties in the southwest.

Opening prices today included: Standard Oil of N. J. 189, up 1/2; Mexican Petroleum 119 1/2, up 1/2; New Haven 13 1/2; U. S. Rubber 56; Utah 55; Royal Dutch 52 off 1/2; Penna. 33; Baldwin 96 1/2, up 1/2; Texas Co. 47 1/2, off 1/2; Calif Petroleum 49 up 1/2; Studebaker 81 up 1/2; American Can 35 1/2 up 3/8; Loew's Inc 143-8.

NOTICE TO ROAD CONTRACTORS

State of Indiana, Rush County, ss: Notice is hereby given that the board of commissioners of said county at their office in the court house at Rushville, Indiana, will receive sealed proposals for the improvement of a certain highway 14,870 feet in length, in said county by grading, draining and paving with gravel as set out in the specifications, plans and profile now on file in the office of the auditor of said county, by and under the laws of the State of Indiana. Said sealed

proposals will be opened and the contract awarded for said improvement on the 10th day of January, 1922.

Bids or proposals will be received up to 2 o'clock P. M. on said date. The said road to be improved is located in Walker township, in Rush county, Indiana, and is to be known as the Thos. K. Mull et al. No. 2 road when so improved.

Bids will be for the completion of the said improvement in accordance with the plans, profile and specifications in the office of the auditor of said county, and shall include all labor and material for said work. In no case will extra compensation be allowed for any additional work alleged to have been done by the contractor or contractors to whom is awarded the contract.

Each bid shall be accompanied by a personal or surety bond in a sum equal to double the amount of the bid filed for the work bid on, to be approved by the board of commissioners of said county. Said bond shall be conditioned for the faithful performance of the work; the sureties, if personal, shall be resident freeholders of the State of Indiana, one of whom shall be a resident of Rush county.

Said bond shall be for the benefit of any person, persons or corporation who shall suffer any loss or damage by reason of any such bidder failing or neglecting to enter into a contract to perform such work awarded by the said board of commissioners or to carry out the same in any particular or to pay for any labor or material which may have been furnished to any such contractor or contractors or to any sub-contractor, agent or superintendent under him, in the construction of said work.

Said improvement will be let as a whole to the lowest responsible bidder upon affidavit of noncollusion, which must be submitted with the bid, and upon failure to submit such affidavit such proposal or bid will be rejected by the board; and the board reserves the right to reject any and all bids. Time for the completion of said work will be agreed upon after the letting of said contract by said board of commissioners and successful bidder.

Given by order of the Board of Commissioners of said County.

REVIVAL TO CLOSE MONDAY

Salvation Army Meetings Held Each Night by Capt. Westbrook

The Salvation Army folks are a very active and busy people these days. Captain J. W. Westbrook of Texas conducted a very splendid service last evening at the Army's church in Pearl street. A good crowd of earnest, eager listeners was much interested to hear the captain talk from the text "Let us not sleep as do others", 1st Thess. 5-6.

The revival will continue until next Monday night, commencing promptly each evening at 7:30 o'clock preceded by an open air meeting near the court house. Envoy Earl Ellis who has charge of the local work, is very busy with his Christmas and winter relief work. He believes that the pure and undefiled religion is more than sermon or song but is groceries, clothes, shoes, coal and house rent for the poor and needy as well, and he urges "Don't forget the kettle on the corner."

CLERKS WANT INSTRUCTION

Many Requests Made For Field Examiners by New City Clerks

(By United Press)
Indianapolis, Ind., Dec. 15.—Clerks-elect in seventeen first, second and third class cities in Indiana have requested the state board of accounts to send field examiners to confer with them on their duties.

"If a majority of such officials will indicate their wishes in the matter," Jesse B. Eschbach, chief examiner of the accounts board replied, we will call three meetings; one in the north, one in the south, and one in the central part of the state.

"Notice will be sent each clerk of the time and place of the meeting most convenient to his home and an examiner of the state board of accounts will be present and explain the clerk's duties and answer questions."

O. P. WAMSLEY TO ATTEND

The yearly meeting of the Indiana Hotel Association will be held tomorrow in the Claypool hotel in Indianapolis. The meeting will begin with a luncheon at one o'clock. In the evening a banquet will be given at 6:30 in the Riley room followed by a musical program. O. P. Wamsley of this city is expecting to attend. He is president of the association.

GRID STARS TO AID OHIO STATE

University Will Reply on Football Players to Put Across a Winning Basketball Team

FIVE PLAYERS ARE READY

These Five Also Will Have to Fight For Places With Five Veterans From Last Year

(By United Press)

Columbus, O., Dec. 14.—Stars of the football team are expected to carry Ohio State through a winning campaign on the basketball court.

Five of the gridiron players, Blair Lightner, Peteoff, Young and Higgins, have been working steadily for two weeks under Coach George M. Trantman. Blair, whose speed and open field work in the Scarlet backfield was one of the big factors in the offensive work of the eleven, is establishing a great reputation as a forward.

Combining speed, skill and endurance with expert knowledge of floor play, Blair is said by Coach Trantman to be the ideal type. He also is an excellent basket tosser.

The other grid members are finding stiff competition from the yearlings, and the choice of definite positions are far from settled.

In addition, Ohio retains five members of last year's quintet. Captain Greenspan, who starts his third year as a regular, has cinched running guard. Robinson, guard, Dudley and Pence, forwards and Shidecker centers, are the other veterans who have been in basketball togs since early in October.

New men are plentiful but few have shown enough so far to warrant serious consideration as regulars. The exception is Young, whose speed and footwork are outstanding qualifications.

The game with Ohio Wesleyan next Saturday should be the first real test of the championship possibilities. Last year was disastrous, the Scarlet finishing low in the second division. The players are determined to wipe out that record at the expense of some of the so-called stronger teams. Prospects, at least, are booming for a title.

PLAN FOOTBALL SERIES

California and Illinois Sign Agreement For Annual Games

Chicago, Dec. 15.—California and Illinois have announced definite arrangements for a home and home foot ball series starting at Illinois in 1923. Articles were signed by Director Huff of Illinois and Andy Smith coach of the Bears, who is returning home from an extended trip east. Smith also declared a plan had been approved at Calif and Stanford, whereby one of the big three of the east Harvard, Yale or Princeton, will come to the Pacific coast each year for a battle on new years day, starting in 1923.

The winner of the annual California-Stanford game will play the eastern invaders he said.

Smith visited the eastern schools and secured sanction of the plan, he declared.

ASSEMBLY ACT WITH DISPATCH

mission will have the entire state to choose from in selecting a new site. The only limitation in the bill was that the reformatory be "more centrally located." Jeffersonville is in the southern extremity and any point north would meet the requirements.

One amendment to the bill offered by Senator James J. Nédjl, a contractor and a union labor leader of Whiting, prohibits the use of prison labor in the construction of the new institution and one by Senator Strode of Kokomo provides that the state board of accounts shall audit the books of the commission. Otherwise the bill was virtually the same as drafted originally.

The house voted 64 to 29 in passing it and then passed a soldier bonus measure under suspension of the rules. The senate voted 35 to 11 to pass the reformatory bill, but the bonus measure was killed at 12:47 when the house adjourned sine die. It was necessary for conference committees of the senate and house to iron out difference between the two branches over amendments to the bill and this delayed final action. Most of the day was taken up in the house where three hours of debate preceded passage.

State leaders of the Veterans of Foreign Wars early in the day had besieged the legislature in an effort to force through the special session a bonus of \$10 a month for ex-service men and women with an optional feature of paid educational tuition.

SHOPLIFTERS MAKE STORES IN THE STATE

Many Cities Report Usual "Christmas Rush" of the Invaders Who Steal Merchandise

BAD CHECKS ARE NUMEROUS

(By United Press)

Indianapolis, Ind., Dec. 15.—Travelling ahead of Santa Claus, a small army of shoplifters have invaded Hoosier stores, especially in the larger cities of the state.

It is the usual "Christmas rush" and merchants everywhere have banded together in an effort to combat their activities.

Another element which the merchants are watching is the fraudulent check passer.

In Indianapolis, they have formed the Stores' Mutual Protective Association, and have appealed to the courts for prison sentences instead of fines for those found guilty of stealing merchandise or taking advantage of the season to issue fraudulent checks.

Signs informing the public that stores are protected by the association are displayed in all the stores, which are members of the association.

Miss Means, a member of the Indianapolis women police, said that the shop lifting is not confined to any one class of people, but includes the elite as well as those of humbler means.

with the high schools in a separate list; third with the consolidated schools; fourth with the one room buildings, and fifth with the two room buildings.

The total enrollment in the county schools reached 2,707 and there were 328 tardies in the county, which resulted in 5,003 minutes being lost by the tardies.

Jackson township schools made the best showing in tardies, having only seven for the first three months, and with a low record of only 20 minutes lost. The Ripley schools topped the list on tardies with a total of 48, and with a combined total of 849 minutes lost during the three months period.

Tomorrow a report of the ranking of the high schools will be made public.

The following table is a summary of the first three months in the 12 townships, including high schools, consolidated schools, one room and two room buildings:

answers, by telling the witnesses that a person's reputation for morality was based on what they had heard or read, and not what they actually knew of the person's character. Many of the witnesses stated that from what they had heard, her reputation was bad.

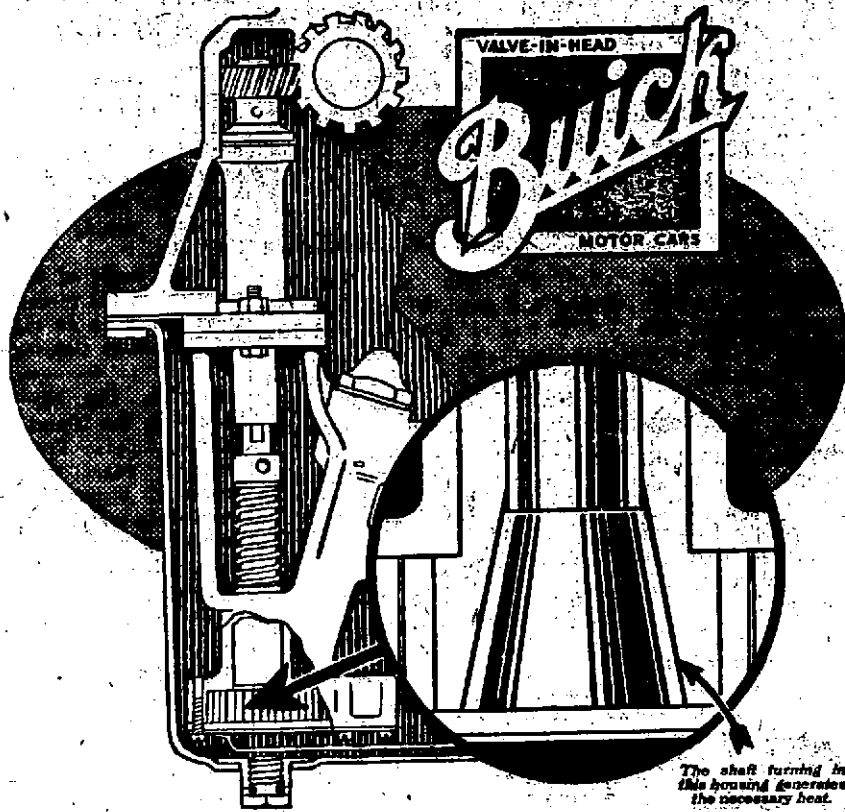

Others stated that from what they had read from the newspaper, her reputation was bad, and there were still several who lived within a few doors of the defendant, who had never heard any of the "neighborhood gossip."

Mrs. Eli Hardwick, Mrs. Sam Wagoner and Mrs. Ray Williams, all testified that they had seen men enter and leave the house and Mrs. Wagoner stated that on one occasion she saw the defendant embracing a man, and that she saw him give her some money.

Mrs. Wagoner stated that on one day an automobile drove up in front of the house, and the defendant came out, and seeing Mrs. Wagoner looking at her, remarked, "Chuck, you damn fool, drive around in the alley, don't you see the reporter for Sixth street looking?"

Freezing Weather Cannot Stop Buick Oil Circulation

Oil pumps in automobiles sometimes freeze up in very cold weather.

The Buick oil pump is so designed that, should the pump gears be held immovable through freezing, the shaft revolves within the gear. The heat thus generated thaws out the frozen parts, restoring gear action and oil flow to normal.

Only on a Buick will you find this feature.

SHOWS IMPORTANCE OF SHIPPING EARLY

Express Company Prepares to Handle Holiday Rush, and Asks Public Co-operation

SAFE WRAPPING IS IMPORTANT

Employees of the American Railways Express company are urging early shipment of Christmas packages, and special preparations are being made to handle the inbound and outbound business during the Christmas rush, according to Charles E. Worland, local agent.

He pointed out that the most important part in handling the holiday rush, is to deliver the packages before Christmas day. The express companies ask the public to ship their gifts in "perfect packages" so that the shipments may be safely and quickly delivered.

Special care should be taken, he said, in the packing and marking of packages, with legible addresses being placed on each package, and all former marks erased. Gifts in boxes or cartons should be reinforced with packing material as to avoid shifting of contents while in transit.

DAIL RESUMES THE DEBATE

British Parliament Expected to Ratify Treaty by Night

(By United Press)

Dublin, Dec. 15.—Debate over the Irish peace treaty was renewed with such increasing and dogged bitterness at the secret session of the Dail today that it seemed hopeless a decision would be reached before Saturday.

The intensity of partisanship was manifest in the reception of Parliament members as they approached the University Council chambers.

London, Dec. 15.—The way was paved in the House of Lords and Commons today for ratification of the Irish peace treaty. The two houses of parliament met to resume discussions which were not expected to develop any alarming resentment against the treaty and the possibilities were that the pact might be ratified before night.

OVERLOOK POULTRY FEES

Many Counties Fail to Collect From Dealers in Poultry

South Bend, Ind., Dec. 15.—Many counties of Indiana are overlooking a source of revenue, by failing to collect license fees prescribed under a law which provides that poultry dealers generally must take out permits.

An investigation conducted in northern Indiana reveals the fact that comparatively few licenses have been issued in this part of the state the average being under 50. It also has developed that butchers have not taken out licenses in many counties, as required under the statute. The license fee is \$1.

giving miners the right to fulfill all existing contracts with mine operators in the central competitive field, calling for collection of union dues by the check-off method.

The court also held that the miners should be restrained in their attempts to unionize the mines of West Virginia which the Borderland company has been fighting, for a year, only insofar as their acts immediately and directly interfere with the operation of the mines.

BANDIT WOUNDS WAITRESS

Chicago, Dec. 15.—A bandit shot and seriously wounded Mrs. Bessie Lonergan, a waitress here today, when the woman resisted his efforts to snatch her purse. Mrs. Lonergan was walking along Michigan boulevard when accosted by the purse snatcher. The man escaped.

PRINTING CONTRACT LET

The county printing and supplies contract was awarded today by the county commissioners to A. E. Boyce and company of Muncie. The Fort Wayne Printing company was the only other bidder.

Dear Santa Claus: I am a little girl two and one half years old. I don't remember Santa Claus but I know he is down there for that's where my Pa McKay lives and I want you to please bring me a doll as big as I am and a doll cab for it and just anything else you want to bring. I live at 2053 Bellefontaine street, Indianapolis. Daddy reads your letters to me out of the Republican every night.

Your little girl,
MILDRED LOUISE BEVER.

Dear Santa: I want you to come to see me and bring me a drum, a sled and a wagon. I wish you a

merry Christmas. We will have the door for you. I want you to bring me a picture of you. Please bring me a crannery too. I will go to bed early so you will come to see me. Will you come to see our Christmas play? It will be Dec. 23, 1921.

Your little friend,
CLARENCE BENNER.

Dear Santa: Please bring me a doll and a ring. I wish you a happy Christmas. Sister wants a blackboard and a little iron. Baby wants a doll and a go cart. Mamma doesn't want anything. Your loving friend,

BERNADENE HOWARD.

Dear Santy: Please bring me for Christmas a hair ribbon, a dress and a box of perfume. I want you to come to my house on Christmas eve. I wish you a merry Christmas.

Your little friend,
KATHRYN WOLF.

Milroy, Ind.

Dear Santa Claus: I want a gun, slate, oranges, candy, bananas, peanuts, waists, pants and chalk and don't forget my little friend, Charles Colter. Bye Bye,

HOWARD LAND.

Dear Old Santa: I am a pretty little girl and will be one year old the last day of this year. I am fat and sweet. So please bring me a little gold ring to go on my little fat finger, some candy and oranges. Santa this is all I want so give some other little girl something nice.

Your little girl,
MARY ALICE MAPLE.

Dear Santa Claus: I am a little boy eight years old. Please bring me some candy, nuts and oranges. Also a basket ball.

Your little boy,
CHARLES MAPLE.

Dear Santa Claus: I am a good little boy five years old. Please bring me a basket ball, a train on a track with a lot of cars and candy, nuts and oranges.

Your loving boy,
ST. CLAIR MAPLE, JR.

Hello Santa: I am a boy four years and am real good sometimes. I want you to bring me a horn, drum (a real one) a wagon and a little hatchet and all kinds of good things to eat. Please don't forget papa, mamma, sister and my grand parents. They live in Kentucky. Please remember my little friend Ruthis Powell, bring her a doll.

Your little boy,
EUGENE C. VANSICKLE.

Dear Santa: I am a girl eight years old. Please bring me a doll with curly hair and that opens and shuts its eyes, a little stove, a little broom, candy, nuts and oranges.

Your little friend,
IDA LOUISE ALEXANDER.

Dear Santa Claus: I am almost eight years old. Please bring me a doll, and a gold chain and a new dress, a box of paints and anything else you have for me.

VIRGINIA RUTH BUSSARD.
P. S. Don't forget Kathryn and my cousins Lowell and Janet Lucile.

Dear Santa Claus: I am a little girl. I live on East Sixth street. Please bring me a doll, a gold chain, a new dress, a doll house, a box of crayolas, and candy nuts. Do not forget sister and Junior Green.

MARY KATHRYN BUSSARD.

Dear Santa Claus: Please bring me a punching bag, a drum and candy, nuts and oranges.

Your loving friend,
STEPHEN MAPLE.

Dear Old Santa: I am a little girl four years old. I want a doll dresser, kitchen cabinet, washing outfit, some dishes, red house slippers, candy, nuts and oranges. Am sending you a big kiss because I love you.

MARJORIE STEWART.

Dear Santa Claus: I am a little boy six years old. I would like for you to bring me a blackboard, a red engine and some dominoes and some real good candy.

NILE M'MAHAN.
Dear Santa: I am a little boy four years old. Please bring me a coon jigger and a coal bucket and that is all for I can play with what you bring my brother while he is at school. Your little friend,
EARL L. M'MAHAN.

30 YEARS DOING GOOD

Get rid of that catarrh while you can

Catarrh gets to be a habit.

For goodness sake don't get used to it.

Never be content to live on in that way—sleeping with mouth open, waking with that bad taste, coughing and spitting all day, an easy mark for colds and every epidemic of throat trouble that comes along.

Try Kondon's Catarrhal Jelly, used and esteemed for thirty years for clearing heads, soothing angry membranes and relieving Catarrh. It is a valued household remedy in thousands of American homes. Better than camphorated oil for children.

Kondon's Catarrhal Jelly is guaranteed not only by us, but by 30 years service for millions of Americans. If Kondon's doesn't do wonders for your cold, sneezing, cough, chronic catarrh, nosebleed, headache, sore nose, etc.—we'll pay your money back. On sale at all drug stores.

Ruling of Railroad Labor Board Will Save the Roads Millions of Dollars a Year

BLOW TO EIGHT HOUR DAY

Nothing to Prevent Carriers From Working Men Ten Hours if There is no Punitive Provision

(By United Press)

Chicago, Dec. 15.—Drastic changes in overtime pay of half a million railroad workers were made public by the United States railroad labor board Wednesday.

The board stated that starting Friday maintenance of way employees would not be paid time and a half for overtime until a day of ten hours had been completed. Under the old rules time and a half was paid after eight hours work.

The ruling will save the roads millions of dollars a year in operating expenses.

The new rulings were branded today as a blow to the eight hour day by J. J. Farnan vice president of the Brotherhood of maintenance of way employees.

"The eight hour day is gone," he stated. "There is nothing to prevent the carriers from working men ten hours a day if there is no punitive provision."

The railroad board, however, did not consider its ruling contrary to the provisions of the eight hour day. The board reaffirmed the basic eight hour day when it stated in its findings:

"Except as otherwise provided in these rules, eight consecutive hours shall constitute a day's work."

S. M. Felton, president of the Chicago Great Western railroad said the benefit that may ensue from changes in the rules would be a matter of guess work until they had actually been put into effect for a period.

"However," he declared, "it is evident from hasty reading of the new rules that they are designed to eliminate many of the onerous effects of the old national agreements."

The new rules abolish time and a half pay for Sunday work. However, it is stipulated that three hours pay for the first two hours work, in case a full day is not put in, shall be effective.

Maintenance of way employees the chiefly laborers who keep the

Former Secretary McAdoo Refuses to Discuss Provisions of Agreement as Signed

IN FAVOR OF THE LEAGUE

(By United Press)

San Francisco, Dec. 15.—Claiming that he had an opportunity to study the quadruple agreement signed yesterday at Washington for peace on the Pacific, W. G. McAdoo, former Secretary of the treasury today refused to discuss either its provisions or the question of politics.

"I don't know anything about politics," he declared. McAdoo arrived here yesterday from Los Angeles, on "private legal business."

"I favor strongly the principle of disarmament," he declared, "and I would be glad to see a partial reduction of arms if the U. S. were guaranteed ample protection."

"An agreement between a few nations is an alliance of theirs against all other powers designed to protect their own interests against all nations," he added.

"The alliance might prove dangerous, but I have not studied its provisions."

"I am in favor of the League of Nations."

JENNINGS MILLIONS PROVE A MYTH

(By United Press)

London, Dec. 15.—A heatless newspaper has just solved the mystery of the "Jennings Millions" which have cost members of the extensive Jennings family all over the world years of worry and tons of money.

The solution is that there aren't any Jennings millions and never were. There are over 25,000 claimants to the Jennings millions, according to unofficial estimates. The millions have been estimated at various sums. One recent claimant suggested 25,000,000 pounds. As a matter of fact, the fund into which the estate was supposed to be paid to await a claimant totals 1,490,000 pounds distributed over 4,100 separate estates. Also, the "Jennings Millions" were never in this fund.

The myth originated following the death of Thomas Jennings—the spelling has since changed—of Sowerby, Yorkshire, in 1798.

AGREEMENT SOON ON NAVAL PLANS

Delegates to Arms Conference Rapidly Approaching Settlement of Ship Limitation

REALIGNMENT IS EXPECTED

Hughes Program May be Changed to Permit Japan to Keep One of Their Big Ships

Washington, Dec. 15—The "big three" delegates of the arms conference are rapidly approaching a definite agreement on the question of limitation of naval armament, it was learned today.

A realignment of the list of capital ships of the three powers after the Hughes program goes into effect so that Japan may keep the mighty Mutsu is now under consideration. "It is believed a complete agreement on the naval question will be announced at a plenary session at the end of this week. One of the American delegates said. There is said to exist an understanding between the big three, Hughes, Balfour and Kato—for a settlement of the naval question and in some, tentative quarters, it was predicted a detailed agreement would be definitely reached at another meeting of these three statesmen today.

This general understanding is believed to involve:

A definite agreement among the three powers on the "5-5-3" capital ship ratio.

A realignment of the capital ships of the three powers on the basis of this ratio so as to allow Japan to retain her newest super dreadnaught the Mutsu, if this can be done without endangering the Hughes plan.

A modification of the ten year naval holiday of the Hughes proposals which would meet the contentions of Great Britain and others that some warship construction must be carried on during this period so as not to disrupt present facilities for building, but on the condition that this does not defeat the fundamental principle of the Hughes program.

American Public This Christmas Will Buy More Foreign Made Toys Than in Recent Years

DOLLS AT HEAD OF THE LIST

(By United Press)

Bridgeport, Conn., Dec. 15—During the Christmas season the American public will buy fewer toys made in America as during the year of 1919, according to Harry C. Ives, President of the Toy Manufacturers Association of America.

In 1919 more than \$88,000,000 worth of American toys were sold at wholesale but this year German-made toys will be on the market, Ives stated. He pointed out that the German-made doll was especially popular to the American buyers.

"The miniature sailing yacht is to be the chief summer toy of the American youth in the near future", Ives continued. "Interest in this sport has progressed far in sporting circles, partly because the challenge from Great Britain to America for a race under yachting rules, but with miniature boats, has been accepted and will probably be run off Long Island Sound next summer."

Ives declared that young men are already seeking small yachts, mechanically steered, from one foot to five feet in length.

Educational toys will be the best sellers in stores for the children this Christmas, Ives stated. The educational toys inspire the boy or girl towards higher development of the mind and the American parent is giving more heed to the selection of toys even among the smaller children.

READ THESE LENS FACTS

NO trouble with Macbeth or Liberty lenses! No difficult focus to find, no tilt of the lamp necessary, no glare.

Many lawful lenses require a lamp focus or tilt that only a lighting engineer can obtain. But Macbeth and Liberty lenses, which take the normal focus, can be installed in five minutes. With them, you enjoy a brilliant, properly controlled driving light free from glare.

Get Macbeth or Liberty lenses without delay

Comply with the new Indiana law by putting Macbeth or Liberty lenses on your car today. They are lawful here and in every state of the Union. The demand will be heavy. Stop at your dealer's today.

Don't accept an unknown lens. Beware of painted lenses, for the paint will wash off and chip, making your painted headlights unsightly and unlawful.

Lens makers for 50 years

Macbeth battleship and lighthouse lenses are approved and used by the U. S. Government. Our 50 years' experience in scientific glass making enables us to offer you a perfectly designed lens guaranteed to give satisfaction as long as you use it.

"A lens which requires 32 candlepower bulbs destroys a lot of light. Macbeth and Liberty Lenses give five times as much light, with 21 candlepower bulbs—as the State requires. Avoid 32 candlepower bulbs, as they are hard on batteries."

FOUR POWER TREATY MAY BE RATIFIED

Ratification by U. S. Senate is Only Matter in Doubt—Opposition is Not as Strong as Expected

NO SAFEGUARD, SAYS BRYAN

By WILLIAM JENINGS-BRYAN
Copyright, 1921 by United Press

The four power treaty seems likely to be ratified by the four governments.

Ratification by the U. S. senate is the only matter in doubt and the opposition does not seem as strong as might have been expected considering the senate's action on the League of Nations.

Senator Lodge who presented the four power treaty to the conference, led the fight against the covenant of the League and was especially emphatic in his condemnation of Article 10. He spoke for a majority of the Senate, when he protested against a surrender of the right of Congress to decide for this nation's question on peace and war.

The League covenant required unanimous action so that the U. S. would have had to participate through its representative in any action looking toward war; the four power agreement contains no provision safeguarding the U. S. in this respect. If a majority can determine the action taken under the four power agreement it follows that Great Britain, Japan and France can determine for the United States what action shall be taken "jointly and separately" to resist the aggression.

RUSSIANS EAGER FOR OUTSIDE NEWS

Belated Country Wonders What is Going on, And at Same Time Rest of World Wonders About It

FOUR YEARS OF A BLANK

Average Man in Russia Knows Little of What Has Taken Place in America and Western Europe

By EDWIN W. HUELLINGER
(U. P. Staff Correspondent)

Moscow, (By Mail)—While the western world has been wondering what has been going on in Russia Russia has been wondering just as much what was going on in the rest of the world.

The average man in Russia has known just as little—perhaps less—about events in America and Western Europe these last four years as the average American has known about the so-called "truth about Russia". The Chinese wall which has separated Russia from the balance of civilization since the Bolshevik revolution has been just as impermeable from this side as it was to us on the other.

Coming into Russia is like coming into a beleaguered city, full of people famishing for word from home.

Time and again former professional men, former merchants, have come up to me on the street to ask for news from western Europe. Dostshky drivers have twisted their increasing avoirdupois—they grow fatter and fatter as the winter progresses with each additional layer of clothing—around on their driver's sets in front to enquire what was happening in America.

The most astonishing conceptions have been revealed. Some thought a Soviet Republic had been established in Washington. Many had understood that if such were not the case, it would happen soon, as the workers of America were on the point of revolting. This type of idea was for the most part confined to the working people.

The former bourgeois enquired principally about political events, and about living conditions. They knew that the war was over, and that is about all.

While a picturesque-looking old man was conducting a party of us through the "terrible" private temple in the Red Square, a former physician from Odessa, now in the Bolshevik Red Cross, glimpsed my American bone-rimmed glasses and edged through the crowd of sight-seers to enquire if any great scientific discovery had been made "in the outside world" since the war.

All commerce with the rest of the world has been stopped until a short time ago and it was only recently that mail service was resumed. No pleasure travellers and no business travellers except those on official governmental missions have come to Russia since 1917. Telegrams now go freely to London and Berlin, but this is only a very recent arrangement.

The Bolshevik newspapers in Moscow are large one-sheet affairs, recalling the editions in London during the war. They are filled with long editorials and polemic articles against bourgeois Western Europe, Communist party news about Russia, and a column or two of short paragraphs from foreign countries—a single paragraph from each land. These items are generally labor news, however, such as might be found in a typical trade union organ in the United States. The classic paragraph from the United States is about a strike at Pittsburgh, an impending strike of the New York wharfers, etc.

The biggest political events, such as conferences of premiers, are generally chronicled but briefly—generally in four or five lines. This news is gathered by the various bureaux of Rosta, the official propaganda agency, in the capitals of those countries having relations or quasi-relations with the Soviet Government. The news about Russian, however, is comparatively complete—surprisingly so in view of the general disorganization of transport and means of communication throughout the country.

In their handling of local news the Moscow papers often display creditable enterprise. During the recent sessions of the All-Russian Central Executive Committee, Russia's "parliament", the Izvestia got out four-page editions, including nearly two entire pages of news about the meetings, with many of the principal speeches in full. None of the papers published more than
